

Special News Release

30th October 2012

First Law International Chambers *Elite* Network!

As most of you know, Chambers & Partners (www.chambersandpartners.com) among the most prestigious institutions for ranking individual attorneys and law firms, after thorough review and evaluation started ranking legal networks since 2010. From its inception, Chambers has ranked FLI among the leading international networks and has closely followed FLI's growth and expansion.

Starting in 2013 – having become more sophisticated and strict in their ranking criteria, Chambers has created a new top tier classification of the best few global networks called Chambers Elite. With this backdrop, FLI's Executive Management is very pleased and honored to announce that Chambers has ranked First Law International as one of the exclusive few Elite Networks!

You, our valuable FLI NET Partners, should take great pride to know that from the Elite classed networks, FLI is only one founded and managed in Europe; the only one that does NOT charge its members sign up and retention annual fees (which all others do); and the only one that acts as a true business development engine to create and promote business opportunities for our flock of geese to collaborate and work together.

This development is without a doubt a major credibility enhancement and key turning point for First Law International. For those of you who may have felt that joining FLI whenever you took the leap of faith was a calculated risk, you should be very validated among your peers and partners that in such a short time FLI has been recognized as a force in the industry. To our converts and believers from the outset, we salute you with our vote of gratitude and to our more conservative skeptics, we embrace you in this magnificent endeavor and welcome you with open arms to help us achieve any greater heights.

As our motto has clearly illustrated since our early days: "together we travel further and get there faster;" never has our undying vision been clearer than today.

FLI NET Executive Management Members

To all of you who have supported us making FLI the best network in our class, we join together to congratulate each fellow FLI NET member for your individual achievements in continuing to raise the bar. We value very much your ongoing vote of confidence.
